PRE RINSE SPRAY & POT FILLER TAP

Model 98007-2 | Deck-mounted, double pedestal, with flexible stainless steel hose

A deck-mounted pre rinse spray and pot filler tap with double pedestal, for UK size 7" (178mm) tap hole centres. The spring body, overhead spring and spray valve come pre-assembled. The finger hook is pre-installed on the riser and can be adjusted to the desired position on site. A check valve prevents cross-flow, and a 6" (152mm) wall bracket is supplied.
